SPANDANA SPHOORTY FINANCIAL LIMITED (CIN: L65929TG2003PLC040648) Statement of Unaudited Standalone Financial Results for the Quarter and Nine months ended December 31, 2023

During the nine months ended December 31, 2023, the Company was in non-confirmation of certain specific covenants associated with a few of its borrowings. However, following discussions with the lenders, the Company is confident that no adverse measures, such as increase in interest rates or demand for immediate repayment of the borrowed funds, will be taken by the lenders due to non-compliance with the covenants. The instances of non-confirmation of specific covenants relates to three months liquidity in case of two ISINs, two months liquidity in case of another two ISINs (upto September 30, 2023) and maintenance of tangible net worth in case of two ISINs (upto September 30, 2023). Pursuant to the non-confirmation, few debenture holders holding NCDs aggregating to ₹62.14 million (out of ₹3,250 million issue pertaining to these ISINs), have exercised their right of accelerated redemption and the Company has already honoured such request including payment / accrual of additional interest during the period. The Company has made necessary disclosures to stock exchanges in this regard. The Company is holding cash and cash equivalents of ₹12,420.72 million as on December 31, 2023 and did not have any cumulative mismatch across all ALM

The two ISINs (having three months liquidity covenant) which continue to be non-compliant due to the reasons as explained below.

a) Significant increase in borrowings from ₹59,342.01 million as of March 31, 2023 to ₹76,658.52 million as of December 31, 2023; and

b) An increase in liabilities leads to a higher amount of cash and bank balance to be maintained in accordance with the covenant related to three months liquidity. As of December 31, 2023, the Company is holding cash and cash equivalents aggregating ₹12,420.70 million, against the required liquidity amount of ₹15,980.95 million as per the term of the debenture trust deed and does not have any cumulative mismatch across all the ALM buckets. The maintenance of such higher level of cash and bank balances adversely impact the qualifying assets criteria as applicable to NBFC-MFIs pursuant to the Master Direction – Reserve Bank of India (Non-Banking Financial Company – Scale Based Regulation) Directions 2023' ("SBR Master Direction").

Till date, none of the lenders have indicated any intention to initiate remedial actions, and the Company has consistently met its debt servicing obligations. Accordingly, no adjustment are made in the accompanying financial results.

Spandana Sphoorty Financial Limited

SPANDANA SPHOORTY FINANCIAL LIMITED (CIN: L65929TG2003PLC040648) Statement of Unaudited Consolidated Financial Results for the Quarter and nine months ended December 31, 2023

Notes:

These consolidated financial results of the Spandana Sphoorty Financial Limited (the 'Holding Company') and its subsidiaries (collectively referred to as the 'Group') have 1 been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, Interim Financial Reporting ('Ind AS 34') prescribed under section 133 of the Companies Act, 2013 ('the Act'), the circulars, guidelines and directions issued by the Reserve Bank of India ("RBI") from time to time ('the RBI guidelines') and other accounting principles generally accepted in India and is in compliance with the presentation and disclosure requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended), including relevant circulars issued by the SEBI from time to time. These consolidated financial results include results of the following subsidiaries:

Name of the subsidiaries	% shareholding and voting
	power held
Caspian Financial Services Limited	100.00%
Criss Financial Limited	99.85%

- These consolidated financial results have been reviewed by the Audit Committee and approved by the Board of Directors at their respective meetings held on January 22, 2024 and were reviewed by the Statutory Auditors of the Holding Company.
- During the nine months ended December 31, 2023, the Holding Company has allotted 193,900 equity shares of ₹10 each to eligible employees under the Employee stock Option Plan.
- 4 The Group operates in a single business segment i.e. financing, since the nature of the loans are exposed to similar risk and return profiles hence they are collectively operating under a single segment for the purpose of Ind AS 108 on 'Operating Segments'. The Group operates in a single geographical segment i.e. domestic.
- During the nine months ended December 31, 2023, the Holding Company was in non-confirmation of certain specific covenants associated with a few of its borrowings. 5 However, following discussions with the lenders, the Holding Company is confident that no adverse measures, such as increase in interest rates or demand for immediate repayment of the borrowed funds, will be taken by the lenders due to non-compliance with the covenants. The instances of non-confirmation of specific covenants relates to three months liquidity in case of two ISINs, two months liquidity in case of another two ISINs (upto September 30, 2023) and maintenance of tangible net worth in case of two ISINs (upto September 30, 2023). Pursuant to the non-confirmation, few debenture holders holding NCDs aggregating to ₹62.14 million (out of ₹3,250 million issue pertaining to these ISINs), have exercised their right of accelerated redemption and the Company has already honoured such request including payment / accrual of additional interest during the period.

The Company has made necessary disclosures to stock exchanges in this regard. The Company is holding cash and cash equivalents of ₹12,420.72 million as on December 31, 2023 and did not have any cumulative mismatch across all ALM buckets.

The two ISINs (having three months liquidity covenant) which continue to be non-compliant due to the reasons as explained below.

a) Significant increase in borrowings from ₹59.342.01 million as of March 31, 2023 to ₹76.658.52 million as of December 31, 2023; and

b) An increase in liabilities leads to a higher amount of cash and bank balance to be maintained in accordance with the covenant related to three months liquidity. As of December 31, 2023, the Company is holding cash and cash equivalents aggregating ₹12,420.70 million, against the required liquidity amount of ₹15,980.95 million as per the term of the debenture trust deed and does not have any cumulative mismatch across all the ALM buckets. The maintenance of such higher level of cash and bank balances adversely impact the qualifying assets criteria as applicable to NBFC-MFIs pursuant to the Master Direction - Reserve Bank of India (Non-Banking Financial Company - Scale Based Regulation) Directions 2023' ("SBR Master Direction").

Till date, none of the lenders have indicated any intention to initiate remedial actions, and the Company has consistently met its debt servicing obligations. Accordingly, no adjustment are made in the accompanying financial results.
